

ULTRASONIC INSERT & TIP TRADE-IN PROGRAM

| Easy as 1-2-3!

RECEIVE 1 INSERT OR TIP FREE WHEN YOU PURCHASE 2 & TRADE IN ANY 3

An insert/tip used 2x's per day, 4 days per week will be used in 450 clinical procedures during one year! And, just like your hand scalers, ultrasonic inserts and tips wear with use. The clinical results of a worn insert or tip is often to:

- ▶ Put more pressure on the insert or tip, which can dampen the vibration
- ▶ Turn up the power on the generator, often to high levels for which the tip may not be designed

Both actions can result in inefficient scaling, inferior tip performance, and more discomfort for you and your patient.

Check your inserts and tips for wear **every week** and use Hu-Friedy's Ultrasonic Insert and Tip Trade-In program to help maximize your power scaling efficiency.
